THE QUIPU GROUP, LLC.

ANNOUNCES THE LAUNCH OF OUR NEW WEBSITE

Denver, CO — January 21, 2020 - After several months of focus and dedication, Quipu is delighted to officially announce the launch of our new website. You may visit us online at www.quipugroup.com. With this new design, we wanted to make our new website faster, easier to navigate, and more user-friendly, as well as bring in the playful sophistication of the Quipu brand.

As a library technology leader, it is important for us to make information regarding our products, services, and library trends easily accessible for our current and prospective clients. We endeavor to provide our library partners with the most accurate and up-to-date information and share our knowledge and expertise about our products.

“Our goal with this new website is to provide our visitors an easier way to learn about Quipu’s products and to browse information based on their own choice,” stated Melissa Stockton, Quipu Group, LLC., Partner, “The new website gives better access to who we are, how we work, our expertise and services, our newsletter and forthcoming case studies.”

Current and prospective clients will find useful information about Quipu’s services right from the homepage of the website. New case studies will highlight Quipu projects that have been completed and outline how we have designed growth and created new value for our clients across many different types of libraries.

Quipu will continue to update our content with helpful information, industry and thought leadership, company announcements and client successes both on the website and in our newsletter. You can also sign up for the Quipu Group, LLC. Quarterly newsletter from the [Contact Us](#) page of the website.
